

**DEPARTMENT OF THE AIR FORCE**  
**HEADQUARTERS 436TH AIRLIFT WING (AMC)**

MEMORANDUM FOR ALL PERSONNEL

FROM: 436 AW/CC

SUBJECT: Dover AFB Environmental Policy

1. Dover Air Force Base is committed to conducting its mission in accordance with environmental stewardship. In doing so, squadrons and mission partners on Dover AFB will comply with all laws and regulations applicable to mission operations designated through the Environmental Management System. We will work diligently to meet our obligations to protect and conserve the environment and natural infrastructure resources through the five Dover AFB Significant Aspects.

The Significant Aspects for 2016 are as follows:

- Air Emissions Compliance
- Energy Conservation
- Hazardous Waste Recycling
- Solid Waste Diversion
- Internal Evaluations

We must promote the conservation and sustainable use of materials, work in partnership with all stakeholders to promote pollution prevention, integrate environmental information into all levels of management, and correct environmental damage from past activities.

2. In keeping this commitment, we will work to continuously improve the effectiveness of our environmental stewardship by regularly monitoring our performance and educating our employees according to the Environmental Management System Management Plan and Procedures.
