MEMORANDUM FOR ALL PERSONNEL

FROM: 436 AW/CC

SUBJECT: Dover AFB Environmental Policy

1. In support of the Dover Air Force Base Mission, we develop and manage the Environmental Management System (EMS) programs necessary to meet our obligations to protect and conserve the environment and natural infrastructure resources through energy conservation and solid waste diversion programs. To accomplish this task, you must:

- a. Comply with all applicable laws, regulations and executive orders
- b. Promote the conservation and sustainable use of materials
- c. Work in partnership with all stakeholders to promote pollution prevention
- d. Build environmental concerns within base policies and programs
- e. Integrate environmental information into all levels of management
- f. Achieve continuous improvements in environmental performance over and above regulatory and legislative requirements
- g. Clean up environmental damage from past activities

2. In keeping this commitment, we will work to continuously improve the effectiveness of our environmental stewardship by regularly monitoring our performance and educating our employees to be environmentally responsible.
