Commander, 436th Airlift Wing
201 Eagle Way
Dover AFB DE 19902-5201

Dear Newcomer

Congratulations on your assignment to Dover Air Force Base – the home of America’s Preeminent Expeditionary Airlift Team! I am pleased to be one of the first to welcome you.

Team Dover includes the 436th Airlift Wing and 18 tenant units including our Reserve associate 512th Airlift Wing and the Air Force Mortuary Affairs Operations Center. Together we are committed to setting the standard in accomplishing the Air Force’s mission to fly, fight, and win...in air, space, and cyberspace. We provide Global Reach for America to every corner of the globe, and our warfighter support is incomparable.

You will soon have the opportunity to serve at the installation that was recognized as being #1 in Air Mobility Command for both 2010 and 2012. Additionally, your base was named #1 in the Air Force in 2008 and #2 in 2010. You’re joining an incredible team. I have had the opportunity to serve in a number of high-performing groups during my career and I can say without question that this is the best. Firmly embedded in Dover’s culture of excellence is a passion for continuous process improvement, top-down and bottom-up communication, mutual support, and leadership that at all levels is both creative and aggressive. These elements combine to make Team Dover one of the most innovative, dynamic, resourceful and mission-focused organizations in our Air Force.

We have a great mission, a great installation, and we’re in a great location. The City of Dover and central Delaware offer everything you need from day to day. Additionally, if you enjoy beaches, larger cities, or the rural countryside, they’re all within a short driving distance. In 2009, the community surrounding Dover AFB was recognized by the AMC commander as being the most supportive community of any associated with an AMC base. We’re excited that you’re headed this way, and the people of central Delaware are, too.

I wish you all the best during your move, and I look forward to seeing you after you arrive. If there’s anything we can do to assist with your transition, please let us know!
