Your Idea, or...

...Your Thoughts on  
Others' Ideas

30 day "Airmen Powered by Innovation" call for good and innovative ideas on how we can better leverage the existing dollars we have and ultimately fly, fight and win—Gen Spencer, VCSAF

### Let's tell the VCSAF what we think!

From now until the end of the month, we each have the opportunity to submit our cost-reducing ideas directly to the VCSAF via the Airmen Powered by Innovation website. Not only will your idea be heard, but the Vice Chief promises rapid feedback.

If ever there was a time when we need innovation, it's now! The Every Dollar Count\$ campaign is our opportunity to unleash the creativity of our Airmen to help maximize the use of every dollar we have. If your idea can save \$500 or \$5,000,000, submit it! Not only do the savings add up, but this is an excellent opportunity to get some energy behind a great idea that requires a policy or AFI change. I have already submitted a couple of great thoughts via the webpage, and I hope you will take the time to do the same. If you have a great idea, this is your chance...

"Deliver!"
