Sexual Assault...No Place in Our Air Force!

Let me be clear...Team Dover and our great Air Force has no place for sexual assault! It has the power to destroy the workplace and ruin lives. It is a disgraceful crime and will make our military less effective than it can or should be.

We are members of the greatest military in the world! Even though we come from different backgrounds, we still all took an oath and wear the same uniform. It is up to all of us to hold each other to a high standard of excellence, dignity, and respect in all we do...the defense of our country demands it!

A military member from Dover was recently convicted in a general court martial of abusive sexual contact towards 3 Airmen. As a result, this member was reduced to E-1, confined for 6 months, and will be punitively separated from the Air Force with a bad conduct discharge...The strength and willingness of 3 victims doing the right thing and coming forward allowed us to remove this predatory offender from our Air Force. Unfortunately, this crime will have a life-long impact on the victims.

Just the thought of someone within our ranks digressing so far from the expected standards as to sexually assaulting and/or harassing someone should be shocking to everyone. This type of behavior will NOT be tolerated!

Hurricane Season is here... are you Prepared?

Congratulations on the success of our recent HURREVAC exercise. We have ensured that our base is ready!

1 June marked the beginning of the 2013 hurricane season in the U.S., kicking off 6 months of the threat of tropical weather affecting the Dover Air Force Base area. Our community experienced hurricane Irene in 2011, Sandy in 2012, and you did an outstanding job preparing our base.

So what about your family? Do you have all the items needed to prepare your home for a hurricane? What about your vehicles? Please take the time, if you haven't already, and discuss a plan with your family. Ensure your emergency kit is good to go and prepared to either shelter-in-place or evacuate.

The primary emergency broadcast and alerting stations are:

Kent County: 94.7 FM and 1410 AM

New Castle: 93.7 FM and 1150 AM

Sussex County: 93.5 FM and 900 AM

Dover AFB information line: (302) 677-BASE

The national hurricane center website is: <https://www.nhc.noaa.gov/>

"Deliver!"
